UNDERWRITTEN BY:

Leaders In Student & Sports Insurance Administration Since 1975

As the Exclusive Insurance Partner of the National Junior College Athletic Association, Bob McCloskey Insurance (BMI) is proud to partner with the NJCAA and Liberty Mutual Insurance Company to tailor a Catastrophic Accident Medical Insurance Program for NJCAA institutions.

An unexpected accident, specifically a catastrophic-type accident, can have severe financial and emotional impacts on your student-athletes and their family. This type of event may also have severe financial implications for your Institution.

The cost of this coverage is typically very affordable compared to the high levels of coverage obtained. Although the hope is that you will never have to use this insurance, it will benefit the injured athlete as well as the institution on many levels in the event of a catastrophic-type accident.

The BMI team recognizes the unique needs that two-year colleges have, and our ability to assess each and to provide insurance solutions for your athletic program is one of our many strengths that differentiate us from our competitors. Basic and Catastrophic Accident Insurance for Intercollegiate, Club & Intramural Sports has been a core product at BMI for many decades.

With over 40 years of experience in the collegiate sports accident insurance space, BMI continues to advocate for colleges and their student-athletes, whether intercollegiate, club or intramural. Contact us today and let us help you to ensure that your institution is properly covered.
